

**Specialty Gases - standard products list**

<b>5 Litre S-Can</b>	<b>Shelf life</b>
standard non-reactive binary, 2 & 3 gas mixtures	12 months
standard Ethanol mixes	6 months

<b>12 Litre S-Can</b>	<b>Shelf life</b>
standard non-reactive binary, 2 & 3 gas mixtures	24 months
standard Ethanol mixes	12 months

<b>34 Litre S-Can</b>	<b>Shelf life</b>
standard non-reactive binary, 2 & 3 gas mixtures	36 months
standard Ethanol mixes	36 months
Standard Ethylene Oxide mixes	12 months
standard H <sub>2</sub> S/SO <sub>2</sub> mixes including quad gases	18 months
standard NO in N <sub>2</sub> mixes	12 months
standard NO <sub>2</sub> and SO <sub>2</sub> mixes in air <900ppm	9 months
standard NO <sub>2</sub> and SO <sub>2</sub> mixes in air >900ppm	12 months
Standard very reactive gas mixes (e.g. CL <sub>2</sub> , HCL, HCN)	12 months

<b>58 Litre S-Can</b>	<b>Shelf life</b>
standard non-reactive binary, 2 & 3 gas mixtures	36 months
standard Ethanol mixes	36 months
Standard Ethylene Oxide mixes	12 months
standard H <sub>2</sub> S/SO <sub>2</sub> mixes including quad gases	18 months
standard NO in N <sub>2</sub> mixes	12 months
standard NO <sub>2</sub> and SO <sub>2</sub> mixes in air <900ppm	9 months
standard NO <sub>2</sub> and SO <sub>2</sub> mixes in air >900ppm	12 months
Standard very reactive gas mixes (e.g. CL <sub>2</sub> , HCL, HCN)	12 months

<b>110 Litre S-Can</b>	<b>Shelf life</b>
standard non-reactive binary, 2 & 3 gas mixtures	36 months
standard Ethanol mixes	36 months
standard H <sub>2</sub> S/SO <sub>2</sub> mixes including quad gases	12 months
standard NO in N <sub>2</sub> mixes	12 months
standard NO <sub>2</sub> in air	12 months
SO <sub>2</sub> mixes in air >900ppm	12 months

\*mixes in blue are non-reactive

Mixes in red are reactive

mixes in grey are very reactive

The Gas Mixtures list indicates our most commonly supplied Mixtures.

Many other mixtures are available upon request.

Minimum order quantities may apply for non-stock Mixtures.
